

Formosa Group is recognized as a leading force in the field of post production audio.

TALENT: Our sound artists perpetually elevate their craft as evidenced by consistent awards, valued relationships and ambitious new collaborations. Across five unique divisions, Formosa Group works with storytellers from the gamut of entertainment arts and commercial media.

STUDIO TECHNOLOGY: Our studio facilities are purpose-designed to match the workflow of each industry we serve. Our services include sound supervision, design, editorial, re-recording mixing, voice over, ADR and music editorial. Our elite engineering staff is current in all technologies and workflow methodologies, and expert in overcoming challenges.

CLIENT EXPERIENCE: We offer seven accessible locations across the LA region in order to be in close proximity to clients. Each location embraces the creative cultural heritage of its setting and offers comprehensive amenities. Our electrifying creative atmosphere has clients returning with their next visionary project.
